With the first of our quarterly newsletters, we look forward to bringing you all our news here at Brunton Road...

The 2006 vintage wines look to be a stunning mixture of flavour and intense varietal characteristics. After a challenging start to the season, with mixed weather through flowering and early summer, the fruit ripened early allowing both white and red varieties to be picked and processed in a premium condition. The Brunton Road 2006 Gewürztraminer looks to be the standout at the completion of fermentation.

We hope you enjoy our wines with your friends and family over the coming winter months.
